

Communications Update: New Technology, New Radios and New Procedures

Yoo-Hoo! Is Anybody Out There? Can You Hear Me?

**A 3-hour workshop and discussion
covering these and related subjects:**

- New and improved VHF radios
- Radio legal and licensing requirements
- Do you need a VHF with a built-in GPS?
- What's SSB, DSC, GPS, GMDSS, EPIRB, PLB, AIS?
- Proper protocol for your boat's VHF radio
- How to make a distress call
- How to make a DSC call
- Why your radio has so many channels
- Do you really need SSB? EPIRB? PLB?
- Contrast and compare: Cellphone v VHF
- What is squelch? Are you a squelcher?
- SatPhone or CellPhone (or both)?

Instructor: Captain Bernie Weiss
USCG Licensed Master Mariner
